### Good to know!

When you have given notice of termination of the lease, it is binding; the notice cannot be revoked. Notice of termination is usually confirmed in writing.

In most cases, a pre-inspection and a final inspection of the property will follow after a rental termination.

If the house is offered again (rental or sale) you must cooperate with viewings. These will be announced at least 24 hours in advance.

**We hope you had a pleasant stay.**
